**SUBJECT:** Revised – Contract Sample Formula Log

---

The attached contract sample formula log has been updated to reflect the addition of ProSobee LIPIL, LactoFree LIPIL and discontinuance of LactoFree concentrated and powdered samples. Please replace existing formula logs with this updated version. If local agencies choose to design and use their own formula log, sample formula must only be issued to participants using reasons listed at the bottom of the formula log and in policy FD:14.

It is critical that sample formula stock and formula logs be accurately balanced on a regular basis.
